Eat What

**You want of the food you need
Kodol will digest it.**

You need a sufficient amount of good wholesome food and more than this you need to fully digest it. Else you can't gain strength, nor can you strengthen your stomach if it is weak.

You must eat in order to live and maintain strength. You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly. When the stomach can't do it, you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

Our Guarantee

Go to your druggist today, and purchase a dollar bottle, and if you can honestly say, that you did not receive any benefits from it, after using the entire bottle, the druggist will refund your money to you without question or delay.

We will pay the druggist the price of the bottle purchased by you.

This offer applies to the large bottle only and to but one in a family.

We could not afford to make such an offer, unless we positively knew what Kodol will do for you.

It would bankrupt us.

The dollar bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.

Voters: Paste this in Your Hat

To be qualified to vote at the coming election:

1. You must be a native born or a naturalized citizen of the United States.

2. That you are now, or will be twenty-one years of age, prior to the day of election, which will be on the third of November.

3. You must be properly registered in your precinct.

To be qualified to register:

1. That on the day of the election you will have resided in Utah one year, in the county four months, and in your precinct sixty days next preceding the day of election. No temporary absence from your place of residence, if you had an intention of returning to your place of residence, disqualifies you from voting.

2. There are three days on either of which you may register for the coming election, to-wit: Tuesday, October 13th; Tuesday, October 27th and Wednesday, October 28th.

3. Any registered voter moving from one district to another within the same precinct or city may secure a transfer from the registrar in the

district of former residence and present the said transfer to the registrar of the district of present residence any time prior to the day of election.

4. The law provides that if you voted at the last general or city election you do not need to re-register for the coming election, because your name is already on the registration list, but sometimes mistakes are made in copying from the old lists to the new, so the only safe course for you to pursue is to go to the registration list in your voting precinct, and see if your name is on the same.

5. There are eight voting districts in Provo, and the places of registration are as follows: 1—Mrs. C. D. Glazier, 262 South, Second East. 2—Miss Maud Graham, 92 South Second West. 3—Mrs. Mary J. Vincent, 752 West Fourth South. 4—Mrs. C. H. Miller, 474 North Tenth West. 5—Mrs. Lizzie B. Meldrum, 281 North First East. 6—Mrs. Jane B. Snyder, 91 East Third North. 7—Mrs. Elsie E. Barrett, 378 North Third East. 8—Ralph Elliott, 554 East First South.

County Democratic Platform.

Platform of the Democratic party of Utah county, State of Utah, adopted September 30, 1908.

We, the Democrats of Utah county, State of Utah, in convention assembled reaffirm our allegiance to the time honored principles of Jefferson, Jackson and Bryan, and the glorious sentiments of equal and exact justice to all, and special privileges to none.

We endorse the principles contained in the platform of our party adopted at the national convention at Denver, held on July 7, 1908, and the State convention at Logan, held Sept. 22, 1908, and pledge our loyal support to the candidates named at these conventions.

We rejoice in the growth of the principles of Democracy and invite men of every political faith to unite with us in the election of William J. Bryan, the greatest living champion of human rights, whose ideal of Democratic government is that the people shall rule.

We realize the great evil attending the traffic in intoxicating liquors and therefore favor the enactment of a law providing for county local option, thereby giving the people the right to express themselves at the polls on said question and pledge the candidates of this convention for the State Legislature to use their best endeavors for the passage of such a law.

We favor good roads, and therefore favor liberal state and county appropriations for the building and maintaining of the same.

Believing that the education of our children is of the greatest importance to good citizenship and should be held above party politics. We did, as a party four years ago, accept the suggestion of the leading educators of our county and join in a call for a non-partisan convention which was held and nominated a candidate for county

superintendent of schools which candidate was endorsed by the Democratic party and placed on our ticket.

The Republican party refusing to join in the movement, persisting in drawing into partisan politics our public schools, and now as an effect of this we point to the Republican county convention held in Provo on the 18th inst., when the nomination of county superintendent was made in a manner unworthy of the most mental cause.

We therefore pledge our legislative candidates to work for the enactment of a law taking the public school question out of partisan politics.

We endorse the fact that there should be built in our State and county a political machine surrounding itself with such power that its tendency is to stifle the ambition and kill that true American spirit that should be encouraged in our young men; but realize that the steps of the times indicate that the people are about to rise in their manhood and rule in our county, state and nation.

We condemn the Republican party in this county and state for substituting ratification meetings for conventions, thus wrenching from the people that constitutional right that should be guarded by every man and woman that has the welfare of our fair commonwealth at heart and compelling them to obtain the consent of a political boss in order to get a nomination.

Believing in the justice of our cause, and the great principles of human rights as promulgated by the Democratic party we invite all citizens to join with us in electing to office candidates who will carry them into effect.

Respectfully Submitted,

A. J. EVANS,

Chairman Platform Committee.
